

Project work - Week 1

Advanced Python - Spring 2023

Choose a project; Project management

Deadline: April 27

To be submitted via Ilias by one group member.

- Choose a project and form a group with one other student.
 - Register here: <https://tinyurl.com/advpy23>
- Create a readme file describing the project: "README.md"
- Create a roadmap for the project: "ROADMAP.md"

Minimum requirements to have this week's exercise marked as passed:

- Registering a group in the above link
- Submitting ZIP file with both .MD files
